

Brief City News

PERSONAL MENTION.

E. F. Zellner, the Tucson merchant, is in the city and will remain here for a few days looking after his interests.

W. H. Constable of El Paso, is spending a few days in the territory looking after his interests. After a short trip to the north he returned to Bisbee yesterday morning.

Probate Judge Frank Goodbody left yesterday afternoon for his home in Tombstone, after spending the past week here.

Col. L. W. Powell, general manager of the Cole interests, H. B. Paul and W. B. Gohring, returned to the city last evening after spending the day at the company's reduction plant at Douglas.

D. J. Kerr left yesterday afternoon for the north, after spending a couple of days here looking after business interests.

Carl Smith of the Duesy & Overlock brokerage office, went to Douglas last evening to spend a couple of days with relatives.

J. E. Sullivan of Denver, is in the city on one of his regular trips to look after his interests in this section.

Dr. E. F. Schell of Tucson will leave for his home this afternoon after having spent about a week in the district.

STUDENTS VISIT MINES.

Yesterday the party of Columbia University students who are making a tour of the southwest as the guests of Klondike Gold, visited the various mines in the district in company with several of the local engineers. Leaving Bisbee after a couple of days' stay the couple went to Tombstone, where a few days were spent, and a visit was made to the northern portion of the territory. Later a stop was made in Cananea on the return trip, where the students were instructed and taken through the big mines of the Greene Cananea company. They returned to Bisbee Thursday evening and expect to spend a couple of days here after which they will make a trip into the various Colorado camps, later returning to New York City.

We have several splendid bargains in houses, well located and will loan you half the purchase price on them. Allen & Hughes, Allen Block. 637

IN FROM PROPERTY.

W. N. Clute, manager of the Bisbee Extension property, operating about six miles west of the city, arrived in Bisbee yesterday afternoon and will spend today here looking after interests of the company. He stated that developments during the past week had been very favorable, the shaft breaking into an encouraging formation. He stated that two shifts are working in the shaft, and that as soon as cool weather sets in a third shift will be put on.

HUMBERT RETURNS FROM EAST.

Galen F. Humbert, proprietor of the Evening Miner, has returned to the district after an extended visit to his old home in Minnesota and different points of interest in the east. About five weeks ago Humbert received a dispatch calling him to the bedside of his mother, who, it was thought, was fatally ill. His parent has since greatly improved. On his return trip he took occasion to visit Chicago, St. Louis, Kansas City, and other principal cities along the route.

LOWELL TO HAVE A THEATRE.

The Iris Theatre Company will open a theatre in the Brophy building, Lowell Saturday evening. See program on page 4, column 4 of this paper.

WAVE CHANGES HANDS.

Wall & Cooper, the former from Texas, and the latter from Chicago, have purchased the Wave Ice Cream Parlor and Restaurant, and will thoroughly renovate the place and make it first-class in every respect.

NACO IS BOOMING.

Hon. Neil E. Bailey came up from the border city last evening in company with Charles E. Wall, for the purpose of receiving his horns and entering the local herd of Elks. It was current report last evening that Mr. Bailey's horns had been finally adjusted, but not until after the legislator had gone through a course of training calculated to fit him for the pugilistic arena. Bailey stated that Naco is enjoying a gradual growth. He returned to his headquarters late last night.

COUNTY TREASURER VISITOR.

J. N. Gaines, treasurer of Cochise County, came over from the county seat last evening for the purpose of being present at the initiation ceremony at the Elks' lodge, of which he is an active member. Gaines stated that the county's finances were never better, and with the greatly increased assessment of this year will continue to improve. He said that Tombstone is showing signs of progress, consequent to more extensive operations at the surrounding mines.

LOWELL TO HAVE A THEATRE.

The Iris Theatre Company will open a theatre in the Brophy building, Lowell Saturday evening. See program on page 4, column 4 of this paper.

HAS PERITONITIS.

C. P. Crowe is seriously ill with an attack of peritonitis. He is at the Copper Queen hospital and at a late hour last night he was reported resting as well as could be expected.

CARRIED A PISTOL.

William Vaneys was before Judge Hogan yesterday afternoon on a charge of carrying concealed weapons and was given a fine of \$75 with a ten days' jail sentence besides.

THE WAVE CHANGES HANDS.

Popular Refreshment Resort Sold to Popular, Energetic Young Men.

Final papers were signed yesterday whereby Mrs. Eva Hagy transfers the ownership of The Wave Ice Cream and Refreshment Parlors in the Allen Building to L. A. Wall of Fort Worth, Texas, and W. H. Cooper recently from Chicago.

The new proprietors have made a host of friends since their arrival here and announce their intention to constantly add to the attractiveness of the place, and it will be their aim to please the public.

Mr. Wall is thoroughly familiar with the successful handling of this class of business and the utmost cleanliness and neatness will be observed in the making of the ice and the serving of soft drinks. When Messrs. McCoy and Wickware leased the present store-room in the Allen building a couple of years ago, selecting it as one of the choicest locations in the city for this character of business, a large amount was spent in the installation of modern, sanitary plumbing, the installation of machinery and all other equipment necessary for the conduct of a high class place.

The proprietors propose to take full advantage of this splendid equipment and in time expect to make it one of the up-to-date parlors in the southwest.

Inquiry of Dr. Norton gave the information that there were only a few flocks seriously affected last spring and it was believed the disease would be entirely stamped out by a general dipping this season. It is learned now that every flock in the territory had been dipped by July 25, except three in Apache county, for which the proper arrangements are made though there was necessarily a little delay and the work might not be finished until today. Altogether it is a pleasing situation and may be confidently announced that Arizona is now free from sheep scabies. If infection should appear in any quarter the sheep owners are under heavy penalty for not reporting it and when it is reported it will be promptly taken care of.

Money makes the mare go. The wife also goes some.

Bonanza Circle and Warren District Stock a Specialty.

Bisbee, August 2, 1907. The market continues weak and erratic, no much doing, even Denn and Wolverine & Arizona are slow as a result of the general weakness. Butte & Arizona is still in demand and is a good buy at present figures. Superior & Arizona weakened considerably, being offered at \$16.00. Blavet & Arizona, Gold Eagle, North Bisbee and old Nugget are all deserving of support and in the end will pay better than some of the more expensive stocks, because they are all developing good properties. It is eight years that they have been working on the Superior & Pittsburgh. It is not a dividend paying mine yet. Many are the thousands lost by stock speculators in the stocks represented in combination, still those that bought the stock originally and hold to it to make the great mines that are being opened up will undoubtedly reap handsomely, so that those who invest in these low priced development stocks will reap in the end and probably far more than from the high priced stocks, which are designed by placed high that the small buyer can not get in.

ARIZONA NOW FREE FROM SHEEP SCABIES

PHOENIX, August 1.—The sheep sanitary board created by the last legislature has already demonstrated its usefulness on earth, through the one thing of making thorough the dipping of sheep to exterminate scabies. For two or three years this work has been carried on under the direction of the federal authorities, with the assistance of the territorial veterinarian, but it was realized by the latter and by most of the progressive sheep men that the regulations were not quite stringent enough. They figured that if there was to be a general effort to rid the Arizona flocks of diseases of all kinds, the scabies being the principal one that bothered them, the work might just as well be done thoroughly, so they could hope to accomplish their purpose, and do for the sheep and sheepmen, what had been done before for the cattle and the cattlemen.

The members of the sheep sanitary commission are D. M. Francis of Flagstaff, chairman; James Scott of Pine-
